About Conference

About Conference

PAGES extends you the enormous pleasure and the honor of inviting you to attend the **Global Conference on Semiconductors, Optoelectronics, and Nanostructures (GCSON2022)** that will be hosted from **April 14-16, 2022 in Porto, Portugal.**

The GCSON2022 will be a 3 days event that means gathering the key players of the Semiconductors, Optoelectronics, and Nanostructures community and related sectors. This event is launched with the aim to become an established event, attracting global participants, intent on sharing, exchanging, and exploring new avenues of Semiconductors, Optoelectronics, and Nanostructures related to scientific and commercial developments.

A wide-ranging scientific program consisting of plenary lectures, keynote lectures, Invited lectures, parallel sessions, as well as poster sessions for young scientists covering all topics in Food Science and Technology will be scheduled. This conference provides a wonderful opportunity for you to enhance your knowledge about the newest interdisciplinary approaches in Semiconductors, Optoelectronics, and Nanostructures

Moreover, the conference offers a valuable platform to create new contacts in the field of Semiconductors, Optoelectronics and Nanostructures, by providing valuable networking time for you to meet great personnel in the field.
