

About

Welcome...!!!

OLC International invites all the participants from all over the world to attend **2nd International Conference and Exhibition on Laser, Optics & Photonics** during **November 13-15, 2021** at **Naples, Italy** which includes Keynote presentations, Oral talks, Poster presentations and Exhibitions. The main theme of the conference is **Explore and Monitor the Systematic Traits in Lasers, Optics & Photonics**

Laser-Optics-2021 will have 5-6 world level (Highly cited class) plenary speakers, established Keynote speakers, active Invited speakers and fresh contributed speakers. In addition, variety of poster presentations along with workshops and special sessions would be interested in audience.

The aim of the Laser-Optics-2021 is to promote quality research and real-world impact in an atmosphere of true international cooperation between scientists and engineers by bringing together the world class researchers, International Communities and Industrial heads to discuss the latest developments and innovations in the fields of Laser Optics & Photonics.

We sincerely hope that Laser-Optics-2021 serves as an international platform for meeting researchers from around the world, widen professional contact and create new opportunities, including establishing new collaborations.

Why to attend?

Laser Optics & Photonics conference gives a platform to globalize the research by connecting a dialogue between industries and academic organizations and knowledge transfer from research to industry. International Conference and Exhibition on Laser Optics & Photonics aims in proclaiming the knowledge and share new ideas amongst the professionals, industrialists and students from research areas of Optics, Photonics and all the related disciplines to share their research experiences and indulge in interactive discussions and special sessions at the Laser Photonics 2021 Conferences.

We are looking forward to seeing you at Laser-Optics-2021 in Naples, Italy.
